convey, assign, transfer and set over unto Lender, for collateral purposes only, the following rights owned by Assignor In, to and under the Loan Documents:

- (i) the right to receive the first \$25,350.81 of each and every monthly interest payment required from the Borrower under the Loan Documents.
- (ii) the right to receive the first \$2,725,699.81 of any and all principal payments received from the Borrower under the Loan Documents.
- (iii) the right to receive the first 64.90% of any and all "Transaction Fees" received from the Borrower under the Loan Documents. For purposes hereof, the term "Transaction Fees" means any payments received of the Borrower under the Loan Documents other than regular monthly interest payments or repayment of principal, including but not limited to default interest, late payment fees, assumption fees, extension fees, and prepayment premiums.

The foregoing Assignment is made with the following express conditions, covenants and agreements:

1. That Assignor represents and warrants that it is the absolute owner and holder of the Loan Documents; that no other person, firm or corporation currently has any right, title or interest therein; and that Assignor has not previously sold, assigned, transferred, mortgaged or pledged the Loan Documents.
2. That this Assignment shall be effective from the date hereof until any portion of the IMIC Loan remains unpaid. Upon payment of the IMIC Loan in full, all rights granted to Lender hereby shall be deemed released by Lender, and upon request by Assignor, Lender shall execute and deliver any document necessary to evidence the release of the rights granted to Lender hereby. Notwithstanding the foregoing, Lender may release its rights in the Loan Document prior to the time the IMIC Loan is paid in full, but only by an express written release signed by Lender and delivered to Assignor.
3. That so long as there shall exist no default by Assignor in the payment of the IMIC Loan, Assignor shall have the right under a license granted hereby (but limited as provided in the following paragraph) to collect upon the Note and any of the other Loan Documents, and Assignor shall receive such payments and shall hold same, as well as the right and license to receive same, as a trust fund to be applied, and Assignor hereby covenants to so apply same, to the payment of interest and principal and any other amounts coming due under the IMIC Loan, before using any part of such payments for any other purpose.
4. That upon or at any time after default in the payment of the IMIC Loan, which remains uncured for fifteen days, Lender shall have the complete right, power and authority to retain an independent trustee ("Trustee") to administer the Loan Documents and the Loan evidenced thereby, and Assignor hereby expressly agrees

that Lender shall have the absolute right to authorize the Trustee to terminate the license granted to Assignor to collect upon the Note and other Loan Documents, and then and thereafter, to demand, collect, receive, sue for, attach and levy the payments due thereunder, with full power to settle, adjust or compromise any claim thereunder as fully as Assignor could do, and to endorse the name of Assignor on all commercial paper given in payment thereof, and in Trustee's discretion to file any claim or take any other action, either in Trustee's name or in the name of Assignor, which Trustee may deem necessary or appropriate to protect and preserve the right, title and interest of Lender in and to such sums and the security intended to be afforded hereby. In the event of a default by Assignor under the IMIC Loan, Lender shall also have the right to authorize the Trustee to give proper receipts, releases and acquittances for payments received under the Loan Documents, and after deducting all necessary and proper costs and expenses of collection, as determined by Trustee, including reasonable attorney's fees, to apply up to \$2,725,699.81 of the net proceeds thereof upon the amounts due under the IMIC Loan, (with the balance of such proceeds to be distributed to the owner or owners of the remaining interests in the Loan). In the event of a default by the Borrower under any of the Loan Documents, it will be the duty of the Trustee to foreclose under the Loan Documents and to dispose of the property and equitably distribute the net proceeds from the disposition of the property to the Lender and any other owners of interests in the Loan (based upon their proportionate interests) unless there is unanimous agreement among the co-owners to exercise other remedies available under the Loan Documents.

5. That the failure of Lender to avail itself of any of the terms, covenants and conditions of this Assignment for any period of time shall not be construed or deemed to be a waiver by Lender of any of its rights or remedies under the IMIC Loan or under the laws of the State of Illinois. The right of Lender to collect the IMIC Loan and to enforce any other security therefor may be exercised by Lender, either prior to, simultaneously with, or subsequent to any action taken thereunder.
6. That in the event the Note is prepaid, matures, or the Borrower thereunder defaults in making any payment required under the Note or performing any requirement of any of the Loan Documents and such default remains uncured for a period of ninety days, then Assignor shall assign to Lender, within 10 days of the prepayment, maturity, or such 90 day period following a default, of all or some of its right, title and interest in another mortgage loan ("Substitute Loan") meeting the standards set forth in that certain Confidential Private Placement Memorandum of Lender dated February 1, 1993 in the section thereof entitled "Security for the IMIC Note". In addition, in such circumstance, provided Assignor is not in default under the IMIC Loan, Lender shall reassign its interest in the Loan Documents to Assignor concurrently upon Assignor's assignment to Lender of the Substitute Loan. The assignment of the Substitute Loan shall be in substantially the same form as this Assignment.
7. The assignment contained herein is a restatement in its entirety of the Original Assignment. This assignment takes the place of and is a substitute for the Original
