#### (C) Calculation of linterest Rate Changes

Refore each Change Date, Lander will calculate a new interest rate by adding a margin of Two and three percentage point(s) ( 2.750 %) to

the Current Index and sounding the sum to the nearest one-eighth of one percentage point (0.125%). Subject to the limits stated in paragraph (D) of this Rider, this sounded assount will be the new interest rate until the next Change Date.

#### (D) Limits or syterest Rate Changes

The existing were stante will never increase or decrease by more than one percentage point (1.0%) on any single Change Date. The interest rate will never be more than five percentage points (5.0%) higher or lower than the initial interest p.c., as stated in Paragraph 2 of the Note.

#### (E) Calculation of Payment Carage

If the interest rate changes on a change Date, Lander will calculate the amount of monthly payment of principal and interest which would be no man ry to repay the suspaid principal balance in full at the Maturity Date at the new interest rate through substantially equal payments. In making such calculation, Lander will use the monthly principal balance which would be constructed the Change Date if there had been no default in payment on the Note, reduced by the amount of any prepayates to principal. The result of this calculation will be the amount of the new monthly payment of principal and interest.

#### (F) Notice of Changes

Lander will give notice to Borrower of any charge in the project rate and monthly payment amount. The notice must be given at least 25 days before the new monthly payment concent is due, and must set forth (i) the date of the notice, (ii) the Change Date, (iii) the old interest sate, (iv) the new interest rate, (v) the new monthly payment amount, (vi) the Current index and the date it was published, (vii) the method of calculating the change in monthly payment amount, and (viii) any other information which may be required by law from time to time.

#### (G) Effective Date of Changes

A new interest rate calculated in accordance with paragraphs (C) and (D) of this Rice will become effective on the Change Date. Borrower shall make a payment in the new monthly amount begiving on the first payment date which occurs at least 25 days after Lander has given Borrower the notice of changes sequired by paragraph (F) of this Rider. Borrower shall have no obligation to pay any increase in the monthly payment amount calculated in accordance with paragraph (E) of this Rider for any payment date occurring less than 25 days after Lander has given the required notice. If the monthly payment amount calculated in accordance with paragraph (E) of this Rider decreased, but Lander failed to give timely notice of the decrease and Borrower made any monthly payment amounts exceeding the payment amount which should have been stated in a timely notice, then Borrower has the option to either (i) demand the return to Borrower of any excess payment, with interest thereon at the Note rate (a rate equal to the interest rate which should have been stated in a timely notice), or (ii) request that any excess payment, with interest thereon at the Note rate, be applied as payment of principal. Lender's obligation to sature any excess payment with interest on demand is not amignable even if the Note in otherwise anigned before the demand for return is made.
