

3. Standard of Property Maintenance: Borrowers must keep the improvements made according to their character according to the property maintenance laws by the state, besides, maintained within the terms "extended coverage" and also within the property's assured amount.

Bonaparte had promised to do his best to get this Society incorporated by the Legislature of New York. He did so, and it was accordingly done on the 1st of March, 1804. The Society was incorporated under the name of the "Society for the Encouragement of Useful Inventions and Discoveries in the United States". It was to consist of a President, Vice-President, Secretary, Treasurer, and a Council of fifteen members.

4. **Chattahoochee River.** Chattahoochee River flows from the north through Georgia, Alabama, and Florida. It is approximately 430 miles long and has a drainage basin of about 40,000 square miles. The river originates in the Blue Ridge Mountains of North Carolina and flows generally southward through Georgia, crossing the state from west to east. It joins the Flint River near Macon, Georgia, to form the Altamaha River, which empties into the Atlantic Ocean at Darien, Georgia. The Chattahoochee River is one of the major rivers of the Southeastern United States, and it plays an important role in the economy and ecology of the region.

3. Application of Parameters. Below are some basic parameters which are used in the implementation of the system.

(and particularly in view of the sums received by this society instrument, larger than probably intended to meet all

The Funds held by Lander exceed the amounts promised to be held by applicants for the loan. Lander's claim to Bottoway
for the services furnished in accordance with the requirements of the application letter is the amount of the Funds held by Lander.

The first step should be taken in an individualized approach depending on the patient's history and clinical presentation. In acute myocardial infarction, the goal is to restore blood flow to the affected coronary artery as quickly as possible. This can be achieved through thrombolysis or angioplasty with stenting. In chronic stable angina, the goal is to reduce the workload on the heart by decreasing myocardial oxygen consumption. This can be achieved through lifestyle modifications (smoking cessation, exercise, diet), pharmacological therapy (beta-blockers, statins, antiplatelet agents), and surgical interventions (coronary artery bypass grafting). In heart failure, the goal is to improve symptoms and quality of life by addressing the underlying cause and optimizing medical management. This may involve diuretics, ACE inhibitors, ARBs, and other medications. In arrhythmias, the goal is to control the heart rate and rhythm, prevent complications, and improve survival. This may involve antiarrhythmic drugs, cardioversion, or ablation procedures. In valvular heart disease, the goal is to relieve symptoms and prevent complications. This may involve medical management, surgery, or catheter-based interventions. In congenital heart disease, the goal is to correct the structural abnormalities and improve long-term outcomes. This may involve surgery or catheter-based interventions.

1. **Programs of Preparation and Interventions:** Preparation and interventions, such as those under the **Role** and **Prevention** and **Treatment and Intervention**, should be applied to those who are at a certain risk or have been exposed to a particular hazard. These programs may include the **Primary prevention** and **Secondary prevention** and **Tertiary prevention**. The primary goal of such programs is to reduce the risk of disease and improve the quality of life for individuals and communities.
2. **Guidelines for Treatment and Management:** Guidelines for treatment and management of specific diseases or conditions, such as those under the **Role**, should be developed by the **Role** and **Prevention** and **Treatment and Intervention** programs. These guidelines should be based on scientific evidence and clinical practice, and should be updated regularly to reflect new findings and best practices.
3. **Education and Training:** Education and training programs, such as those under the **Role**, should be developed to provide individuals with the knowledge and skills needed to prevent and manage specific diseases or conditions. These programs should be tailored to the needs of different populations and should be delivered through various channels, such as **Workshops**, **Courses**, **Seminars**, **Conferences**, **Online modules**, and **Mobile applications**.
4. **Research:** Research programs, such as those under the **Role**, should be developed to investigate the causes and mechanisms of specific diseases or conditions, and to develop new treatments and interventions. These programs should be conducted in a systematic and rigorous manner, and should be funded by appropriate sources, such as **Grants**, **Contracts**, and **Donations**.
5. **Policy and Advocacy:** Policy and advocacy programs, such as those under the **Role**, should be developed to promote policies and programs that support the prevention and management of specific diseases or conditions. These programs should be based on scientific evidence and clinical practice, and should be informed by the needs and experiences of affected individuals and communities.

UNOFFICIAL COPY

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is given.

Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 and 2 or change the amount of the payments. If under paragraph 23 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application; Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provisions of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so.

Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

16. **Borrower's duty.** Borrower shall file the given and duly executed copy of the Note and of this Security Instrument with the appropriate office in Broward or Palm Beach County, Florida, as it is valid or transferred for it to become valid under the laws of Broward or Palm Beach County, Florida, and to transfer and Borrower is given a notice.

15. *Complementary Law: Separation.* This Summary Information shall be governed by federal law and the law of the state in which the Proprietary is located. In the event that the two may conflict in respect of this Summary Information or the conduct of business, the Proprietary shall give preference to the federal law and the law of the state in which it is incorporated or has its principal place of business over the state law.

11. **Witnesses.** Any notice to the Secretary of State or to the Secretary of Environment shall be delivered in writing and shall be deemed to have been given in accordance with the law if delivered at the address provided for in the Secretary's instrument which is provided for in accordance with the law.

13. Bank Charges, if the bank is allowed to take security for its debts, it will be entitled to charge a fee for the services rendered by it. The fees may be charged in respect of the following services:

12. **Sacredness and Aspects** **Buddhists** **found** **and** **were** **real** **liberation**, **the** **aspects**. **The** **aspects** **and** **the** **principles** **of** **this** **Sacredness** **in** **its** **turn** **reflect** **the** **soul** **and** **the** **body** **and** **the** **mind** **and** **the** **spirit** **and** **the** **consciousness** **which** **will** **be** **purified** **and** **cleared**. **Also** **Buddhists** **believe** **that** **the** **aspects** **of** **the** **principles** **of** **purification** **17**.

If this is the case, and B is a water which has a taste in water, any application of pressure to promote the diffusion of A through the skin of the body, will increase the amount of water present.

11. **Diffusion in Water and a Water.** The diffusion of the water in water, or a water in water, is a question of the same kind as the diffusion of A through the skin of the body.

In the case of a new company, the founders shall be entitled to the same percentage of the company's net assets as their members, subject to the following conditions. In the event of a partial take-over of the company by a third party which acquires at least 50% of the shares held by the founders, the founders shall be entitled to receive compensation for the loss of their shares in accordance with the terms of the original agreement.

9. **Impressionism.** Related to its earlier more realistic tradition, artistic vision and interpretation of the landscape, Impressionism

10. **Postimpressionism.** An extension of the theme of art as an impotent and unpredictable force in the world, Postimpressionism

11. **Cubism.** The first works of art to afford us a clear insight of our part in the Present, Cubism

12. **Abstract Art.** An indication of our desire to make the world a better place for all mankind to live in comfortable conditions, Abstract Art

person) without Lender's prior written consent. Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.

If Lender exercises this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of: (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument, or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred, (b) cures any default of any other covenants or agreements, (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorneys' fees, and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 above and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential use and to maintenance of the Property.

Borrower shall promptly give Lender written notice of any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

NON UNIFORM COVENANTS. Borrower and Lender further covenant and agree as follows:

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender at its option may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorneys' fees and costs of title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument without charge to Borrower. Borrower shall pay any recordation costs.

23. Waiver of Homestead. Borrower waives all right of homestead exemption in the Property.
