Section 3-4 of the Illinois Statutory Short Form Power of Attorney for Property Law

Section 3-4 Explanation of powers granted in the statutory short form power of attorney for property. This Section defines each category of powers listed in the statutory short form power of attorney for property and the effect of granting powers to an agent. When the title of any of the following categories is retained (not struck out) in a statutory property power law, the effect will be to grant the agent all of the principal's rights, powers and discretions with respect to the types of property and transactions covered by the retained category, subject to any limitations on the granted powers that appear on the face of the form. The agent will have authority to execute each granted power for and in the name of the principal with respect to all of the principal's interests in every type of property or transaction covered by the granted power at the time of exercise, whether the principal's interests are direct or indirect, whole or fractional, legal, equitable or contractual, as a joint tenant or tenant in common or held in any other form; but the agent will not have power under any of the statutory categories (a) through (c) to make gifts of the principal's property, to exercise powers to appoint or change any beneficiary whom the principal has designated to take the principal's interests at death under any will, trust, trust agreement, beneficiary form or contracted arrangement.
