The Owner has filed a petition for annexation to the Village of the Subject Property legally described above pursuant to statute in such cases made and provided. The Village has by execution of this Agreement manifested its intention to annex the Subject Property pursuant to the terms and conditions of this Agreement.

Subject to the provisions of Chapter 65, Act 5, Article 7, of the Illinois Compiled Statutes, and such other statutory provisions as may be relevant and the Home Rule powers of the Village, the Village shall by proper ordinance, cause approval and execution of this Agreement and after adoption and execution of this Agreement shall cause the Subject Property to be annexed to the Village. Also the Village, upon annexation of the Subject Property, shall thereafter adopt all ordinances respecting the zoning and use of the entire Subject Property as herein provided. A plat of annexation of the Subject Property to be annexed is attached hereto as EXHIBIT A. The new boundary of the Village resulting from such annexation shall extend to the far side of any adjacent highway and shall include all of every highway within the area so annexed.

Upon the execution of this Agreement, Owner shall do all things necessary and proper to carry out the terms, conditions and provisions of this Agreement and effectuate the annexation of the above-described Subject Property to the Village, and to aid and assist the Village in also so doing.

Owner agrees that permission for the construction of those public improvements which require approval from the Metropolitan Water Reclamation District of Greater Chicago or any other governmental agency, must be obtained. Owner agrees to maintain and keep in good repair the public improvements that are to be constructed until accepted by the Village.

The parties hereto agree to cooperate in obtaining, expediting and submitting such necessary documents as may be required for the approval thereto from the Metropolitan Water Reclamation District of Greater Chicago, or any other governmental agency. Owner agrees to construct any improvements required by the aforesaid permit at Owner's sole expense.

B. The Subject Property shall be developed substantially in accordance with the land plan appended hereto and incorporated herein as EXHIBIT B entitled "CEDAR CROSSING III" prepared by EDMUND M. BURKE ENGINEERING, LTD., Job No. 97-188 dated May 8, 1998, subject to the following:

1. The Owner shall submit, for Village approval, a landscape plan; and
2. Snow fencing is to be placed at the drip line of existing trees at the time of construction to prevent damage during construction.

C. Existing septic systems contained on the Subject Property shall be removed and any wells on the same shall be capped in accordance with the requirements of the Illinois Environmental Protection Agency and/or the Illinois Department of Transportation, except that an existing well may be retained by Owner for irrigation purposes provided Owner has taken adequate measures to assure the Village that such well not connect in any way to the Village water supply systems.

D. Owner shall install or cause to be installed for the residential unit and at its own expense Roundway and Buffalo Box combinations. The Owner agrees to pay for the actual cost and inspection fee for the installation of a water meter of the type required by the Village, and appurtenances. All of the facilities herein described shall be located as determined by the Village.

Said sums of money shall be a lien on the Subject Property until paid, and Owner acquiesces and agrees to the payment of said sums being a lien on the Subject Property subordinate to any acquisition loan or construction development loan of any developer of the Subject Property from the date hereof. In the event of a default in the payment of said sums, or any part thereof, the Village shall have the right to foreclose the lien aforesaid in the same manner as provided for with respect to a mortgage foreclosure. The issuance of a building permit shall serve to terminate and extinguish said lien rights of the Village as to that part of the Subject Property included in the permit issued by the Village. Nothing herein contained shall limit the right of Owner to prepay the permit amount set forth above for the release of lien with respect to any lot or lots. Upon request after the Owner

has paid the per permit amount set forth above for any particular lot, the Village will issue a letter indicating such payment has been made and the lien on the lot in question is waived.

Village shall solely determine how said sums so paid shall be allocated and disbursed.

Sums of money required to be paid hereunder shall be obligations of the Owner and successors in title, and no conveyance of the Subject Property shall relieve Owner or any of them or any subsequent Owner of said obligation. In the event of a default in payment, in addition to the remedy of foreclosure of the lien aforementioned, Village shall have all other rights and remedies against Owner or any of them or any subsequent owner for the collection of monies.

SECTION FOUR: Water Supply.

Owner shall have the right to construct and install at its expense all necessary on-site water mains to service the Subject Property. All water mains shall be constructed and installed in accordance with the Land Development Code of the Village and final engineering plans approved by the Village. The Village agrees to permit connection of the aforementioned water mains to the water facilities of the Village and to furnish water service on the same basis as said services are furnished to other parts of the Village.

SECTION FIVE: Sanitary and Storm Sewers.

Owner shall be required to construct and install at its expense all necessary sanitary sewers to service the Subject Property in accordance with the Land Development Code of the Village and final engineering plans approved by the Village. The Village agrees to permit connection of the aforementioned sanitary sewers to the sanitary sewer facilities of the Village and to furnish sewer service on the same basis as said services are furnished to other parts of the Village. Owner agrees that no surface water is to be discharged into the sanitary sewerage collection system and will make adequate provision that this will not occur.

All public improvements, which shall be completed within 2 years after approval of the Plat of Subdivision, shall be inspected by the Village upon completion and if they are found to be in compliance with the requirements of the Village's Land Development Code and in accordance with the final engineering plans they shall thereupon, without unreasonable delay, be accepted by the Village.

SECTION SIX: Construction of Streets; Street Lights; Miscellaneous.

A. Streets.

The Owner shall provide access to the site. Owner shall be responsible for keeping all adjacent streets free from construction debris and for repair of damages to the streets caused by

Owner's construction traffic. All deliveries of construction supplies or materials shall be restricted to certain streets or temporary haul roads designated by the Village.

Also, Owner shall be required to keep all public streets located on the Subject Property as well as adjoining streets free from mud and debris generated by construction activity on the Subject Property. Such streets must be cleaned at least once a week, and more often if required by Village in its sole judgment. For each day that the streets are not cleaned as required hereunder during construction, Owner shall be subject to a fine as provided in the Land Development Code. If any such fine is not promptly paid, the Village shall have the right to stop any and all further construction until paid.

B. Street Lights.

Owner shall be required to install street lights in accordance with the Land Development Code of the Village and final engineering plans approved by the Village.

C. Miscellaneous.

The cost of all street trees shall be included in the required letters of credit for each phase of the development of the Subject Property, with the amounts to be computed on the same basis as the amounts to be included in the letter of credit for all other public improvements for the Subject Property. The installation of street trees shall remain the obligation of Owner and such obligation may not be assigned or transferred in any way to a successor in title.

SECTION SEVEN: Easements.

The Owner agrees at the time of approval of the Annexation Agreement to grant to the Village, and/or obtain grants to the Village of, all necessary easements for the extension of sewer, water, street, or other utilities, including cable television, or for other improvements which may serve not only the Subject Property, but other territories in the general area. Also, Owner shall grant a blanket easement to the Village to have access to and the right to maintain any storm water management facilities located on the Subject Property for storm water management purposes. The Village shall have the right, but not the duty, in its discretion to go in and perform such maintenance work if necessary and to charge the Owner for the costs of the same, including the right to record a lien against the Subject Property if such costs are not paid.

All such easements to be granted shall name the Village and/or other appropriate entities designated by the Village as grantee thereunder. It shall be the responsibility of the Owner to obtain all easements, both on site and off site, necessary to serve the Subject Property.

SECTION EIGHT: Developmental Codes and Ordinances and General Matters.

The development of the Subject Property annexed, and of each lot respectively encompassed by this Agreement shall be in accordance with the existing building, zoning, subdivision, storm water retention and other developmental codes and ordinances of the Village as they exist on the date each respective permit for development of each lot is issued. Planning and engineering designs and standards, and road construction and dedication of public improvements, shall be in accordance with the then existing ordinances of the Village or in accordance with the statutes and regulations of other governmental agencies having jurisdiction thereof if such standards are more stringent than those of the Village of Orland Park at such time. Notwithstanding the foregoing, the dollar amounts for the contributions set forth in Section Three above shall not be increased during the term of this Agreement; however, all other fees, etc. set forth under the various ordinances of the Village shall be paid by the Owner at the rate set forth in the Village ordinances at the time each permit is issued.

No occupancy permit shall be issued for any building prior to the completion and approval by the Village Engineer of the required public improvements, except for the final surface course of the streets. The Village will not finally accept any public improvements until after the final surface course of asphalt has been placed on the private drive or easement. Provided, however, the construction and installation of the public improvements to be done by Owner may be commenced at any time after Owner has delivered to Village an irrevocable letter of credit, in a form satisfactory to, and from a bank or other financial institution approved by, the Village in the amount of 125% of the Owner's Engineer's estimate of the cost of construction and installation of all such improvements as approved by the Village Engineer, or 110% of actual construction contract costs, including all required lighting, streets and street lights, sidewalks, landscaping, street trees, sewer and water lines and storm water management facilities. The Village Engineer may, in his discretion, permit the amount of said letter of credit to be reduced, from time to time, as major public improvements are completed.

All public improvements shall be constructed and installed within two (2) years from the date of approval of the Plat of Subdivision; however, if the completion date falls after September 30th, the date shall be the following May 30th. Notwithstanding any other provision of this Agreement, no construction of public improvements shall commence until the plans and specifications for the public improvements have been approved, the agreement for construction of the public improvements as herein provided has been executed, the minimum security has been provided, the requirements of Ordinance No. 2084 have been met, and until documentation, including a copy of the Permit if applicable, or evidence is received by the Village that Owner is not violating a wetland regulation or a regulation relating to waters of the United States and the Owner has shown the Village a permit for building a roadway on a floodplain. Further, no earthwork shall be done in any area tentatively identified as wetlands until an appropriate permit or permission has been obtained and such permit or permission is shown to the Village. The Plat(s) of Subdivision shall contain such restrictive covenants, drainage covenants and easement provisions as are or were required by the President of the Board of Trustees as a condition to approval of the Plat(s) of Subdivision which may be approved in two or more phases.

Owner, at Owner's own cost, agrees to provide the Village "as built" engineering plans and specifications upon substantial completion of the public improvements or at the request of the Village Engineer but in no event later than the time required by Ordinance No. 2084.

It is agreed that all of the public improvements contemplated herein shall upon acceptance thereof by the Village, become the property of Village and be integrated with the municipal facilities now in existence or hereafter constructed and Village thereafter agrees to maintain said public improvements. Acceptance of said public improvements shall be by resolution of the President and Board of Trustees only after the Village Engineer or Village Engineer Consultant has issued his Certificate of Inspection affirming that the improvements have been constructed in accordance with approved Engineering Plans and Specifications. Owner agrees to convey by appropriate instrument and Village agrees to promptly accept, subject to terms hereof, the public improvements constructed in accordance with the approved Engineering Plans and Specifications.

SECTION NINE: Utilities.

All electricity, telephone, cable television and gas lines shall be installed underground, the location of which underground utilities shall be at the Owner's option but not conflicting with any Village utility.

SECTION TEN: Impact Requirements.

Owner agrees that any and all contributions, dedications, donations and easements provided for in this Agreement substantially advance legitimate governmental interests of the Village, including, but not limited to, providing its residents, and in particular the future residents of the Subject Property, with access to and use of public utilities, streets, libraries, schools, parks and recreational facilities, police protection, and emergency services. Owner further agrees that the contributions, dedications, donations and easements required by this Agreement are uniquely attributable to, reasonably related to and made necessary by the development of the Subject Property.

SECTION ELEVEN: Binding Effect and Term and Covenants Running with the Land.

This Agreement shall be binding upon and inure to the benefit of the parties hereto, successor owners of record of the Subject Property, assignees, lessees and upon any successor municipal authorities of said Village and successor municipalities, for a period of seven (7) years from the date of execution hereof and any extended time that may be agreed to by amendment.

The terms and conditions of this Agreement relative to the payment of monies to the various Village recapture funds, contributions to the Village construction and/or dedication of public improvements, granting of easements to the Village, dedication of rights-of-way to the Village and the developmental standards established herein shall constitute covenants which shall run with the land.

SECTION THIRTEEN: Model Units.

At any time after the Owner posts the required security for public improvements and as approved by the Village Engineer and Building Department, Owner shall have the right to construct residential model units, sales offices and other appurtenant facilities, with the number of models to be as approved by the Village, and upon acceptance by the Village of a plan encompassing that portion of the property upon which same are proposed to be constructed. Any model unit must be served by an approved roadway and plumbing facilities in accordance with Village Ordinances.

SECTION FOURTEEN: Signs.

After application is made to the Village's Building Department Director, and all required fees are paid, the Village will permit Owner to erect and maintain one outdoor advertising sign for this proposed development only, with such sign to be not more than 40 square feet, double-faced in size to be no higher than 10 feet from the top of the sign to ground level and may be exteriorly illuminated, and any such sign shall be located on the subject property and may so remain for the duration of Owner's sales program. The location of the sign upon the Subject Property shall be in accordance with the Village's Land Development Code and shall have reasonable setbacks from streets and highways as the interest of safety may require. The Village shall have the right to compel removal of, and Owner shall so remove, such sign within 90 days after the last building permit is issued, or within 4 years from the date of this Agreement, whichever occurs later; provided, however, Owner shall in any event remove such sign no later than the time its development and all dwelling units are completely sold.

SECTION FIFTEEN: Provisional Occupancy Permits.

The Village, in accordance with the requirements and customary practice of the Village Building Department, will grant provisional permits for individual residences between November 1st and May 15 if weather prevents the Owner from completing the following work for any such residence (it being understood that if other work remains to be done, no occupancy permit, provisional or otherwise, will be issued).

As a condition of the issuance of any such provisional occupancy permit, the Owner shall provide the Village with a timetable (acceptable to the Village) for completion of the outstanding work, which timetable shall be deemed a part of the occupancy permit.

SECTION SIXTEEN: Permits and Letter of Credit.

The Owner shall not be entitled to obtain any building permits, nor any sign permits, and shall not be entitled to construct any model units, signs, sales and/or rental offices or any other appurtenant facilities unless and until the proper letter of credit or cash deposit has been made to the Village in accordance with the Land Development Code of the Village. The letter of credit or cash

deposit shall specifically include an amount to cover the cost of street trees and sidewalks as required by the Land Development Code and this Agreement.

Owner agrees that any dirt stock piles resulting from the development of the Subject Property shall be located in places as designated and approved by the Village, and for reasonable time periods not to exceed the earlier of either five years or the date on which three (3) of the homes to be built on the Subject Property have been substantially completed, unless an extension is agreed to by the Village. In addition, the Village, after providing Owner with 10 days advance written notice, shall have the right to draw upon the letter of credit provided for in this agreement to relocate or remove any dirt stock pile which results from the development should they not be placed in an approved location or if the pile is causing a storm water drainage problem, or should it not be permitted to remain beyond the time period specified by the Village; provided, however, that the Village will not draw upon the letter of credit if Owner relocates or removes the stock piles as directed by the Village within the 10 day notice period.

SECTION SEVENTEEN: Reimbursement of Village for Legal and Other Fees and Expenses.

A. To Effective Date of Agreement.

The Owner, concurrently with annexation and zoning of the property or so much thereof as required, shall reimburse the Village for the following expenses incurred in the preparation and review of this Agreement, and any ordinances, letters of credit, plats, easements or other documents relating to the Subject Property:

- (1) the costs incurred by the Village for engineering services;
- (2) all attorneys' fees incurred by the Village; and
- (3) miscellaneous Village expenses, such as legal publication costs, recording fees and copying expenses.

B. From and After Effective Date of Agreement.

Except as provided in the paragraph immediately following this paragraph, upon demand by Village made by and through its President, Owner from time to time shall promptly reimburse Village, for all enumerated reasonable expenses and costs incurred by Village in the administration of the Agreement, including and limited to engineering fees, attorneys' fees and out of pocket expenses involving various and sundry matters such as, but not limited to, preparation and publication, if any, of all notices, resolutions, ordinances and other documents required hereunder, and the negotiation and preparation of letters of credit and escrow agreements to be entered into as security for the completion of land improvements.

Such costs and expenses incurred by Village in the administration of the Agreement shall be evidenced to the Owner upon its request, by a sworn statement of the Village; and such costs and expenses may be further confirmed by the Owner at its option from additional documents relevant to determining such costs and expenses as designated from time to time by the Owner.

Notwithstanding the immediately preceding paragraph, Owner shall in no event be required to reimburse Village or pay for any expenses or costs of Village as aforesaid more than once, whether such are reimbursed or paid through special assessment proceedings, through fees established by Village ordinances or otherwise.

In the event that any third party or parties institute any legal proceedings against the Owner and/or the Village, which relate to the terms of this Agreement, then, in that event, the Owner, on notice from Village shall assume, fully and vigorously, the entire defense of such lawsuit and all expenses of whatever nature relating thereto; provided, however:

1. Owner shall not make any settlement or compromise of the lawsuit, or fail to pursue any available avenue of appeal of any adverse judgment, without the approval of the Village.

2. If the Village, in its sole discretion, determines there is, or may probably be, a conflict of interest between Village and Owner, on an issue of importance to the Village having a potentially substantial adverse effect on the Village, then the Village shall have the option of being represented by its own legal counsel. In the event the Village exercises such option, then Owner shall reimburse the Village from time to time on written demand from the President of Village and notice of the amount due for any expenses, including but not limited to court costs, reasonable attorneys' fees and witnesses' fees, and other expenses of litigation, incurred by the Village in connection therewith. The obligation of Owner to reimburse Village under the terms of this subparagraph 2 shall terminate if no such legal proceedings are brought within one (1) year from the date of the annexation of the Subject Property and, further, such obligation of reimbursement shall not apply if such legal proceedings are based upon alleged errors, omissions or unlawful conduct of Village and not the Owner.

In the event the Village institutes legal proceedings against Owner for violation of this Agreement and secures a judgement in its favor, the court having jurisdiction thereof shall determine and include in its judgment all expenses of such legal proceedings incurred by Village, including but not limited to the court costs and reasonable attorneys' fees, witnesses' fees, etc., incurred by the Village in connection therewith. Owner may, in its sole discretion, appeal any such judgment rendered in favor of the Village against Owner.

SECTION EIGHTEEN: Warranties and Representations.

The Owner represents and warrants to the Village as follows:

1. That Owner, HERITAGE TRUST COMPANY, as Trustee aforesaid, identified on page 1 hereof is the legal title holder and the owner of record of the Subject Property and that Owner, McNAUGHTON DEVELOPMENT, INC., is the sole beneficiary of said Trust.

2. That the Owner proposes to develop the Subject Property in the manner contemplated under this Agreement.

3. That other than the Owner no other entity or person has any ownership interest in the Subject Property or its development as herein proposed.

4. That Owner has provided the legal descriptions of the Subject Property set forth in this Agreement and the attached Exhibits and that said legal descriptions are accurate and correct.

SECTION NINETEEN: Continuity of Obligations.

Notwithstanding any provision of this Agreement to the contrary, including but not limited to the sale and/or conveyance of all or any part of the Subject Property by Owner, Owner shall at all times during the term of this Agreement remain liable to Village for the faithful performance of all obligations imposed upon them by this Agreement until such obligations have been fully performed or until Village, at its sole option, has otherwise released Owner and from any or all of such obligations.

SECTION TWENTY: No Waiver or Relinquishment of Right to Enforce Agreement.

Failure of any party to this Agreement to insist upon the strict and prompt performance of the terms covenants, agreements, and conditions herein contained, or any of them, upon any other party imposed, shall not constitute or be construed as a waiver or relinquishment of any party's right thereafter to enforce any such term, covenant, agreement or condition, but the same shall continue in full force and effect.

SECTION TWENTY-ONE: Village Approval or Direction.

Where Village approval or direction is required by this Agreement, such approval or direction means the approval or direction of the Corporate Authorities of the Village unless otherwise expressly provided or required by law, and any such approval may be required to be given only after and if all requirements for granting such approval have been met unless such requirements are inconsistent with this Agreement.
