

Notice to Borrower: This Rider contains 2 special features: (1) The interest will change periodically based on changes in an Index. Your scheduled monthly payment will also change periodically. (2) The outstanding principal balance of the loan may increase over time. This will happen if your scheduled monthly payment is not large enough to pay all of the interest due and the Lender lends you the difference under the terms of the Note.

This Rider is made this 28TH day of AUGUST , 19 87, and is incorporated into, and shall be deemed to amend and supplement the Mortgage, Deed of Trust, or Deed to Secure Debt (the "Security Instrument") of the same date given by the undersigned (the "Borrower") to secure Borrower's Note to CITY FEDERAL SAVINGS BANK , (the "Lender") of the same date (the "Note") and covering the property described in the Security Instrument and located at 915 N. DUNTON AVENUE, ARLINGTON HEIGHTS, IL 60005 60004

Modifications. In addition to the covenants and agreements made in the Security Instrument, Borrower and Lender further covenant and agree as follows:

A. INTEREST RATE CHANGE

The Note has an "Initial Interest Rate" of 7.500 %. The Note interest rate may be increased or decreased on the first day of the month beginning on MARCH 01, 1988 , and every ONE month thereafter. The dates on which the interest rate may change are called the "Interest Rate Change Dates."

Changes in the interest rate will be based on changes in a measure of the cost of money called the "Index". The Index will be stated as a percentage figure. The Index at the beginning of this loan is the one following the box which is marked:

The Federal Home Loan Bank of San Francisco's Monthly Weighted Average Cost of Funds for the Eleventh District Savings Institutions.

The Lender may substitute a new measure of the cost of money as the Index if at any time the Index being used ceases to be publicly announced by its source. The substituted Index will be used to determine changes in the interest rate beginning with the first interest rate change after the substitution. Any substituted Index will be beyond the control of the Lender and will be readily available to and verifiable by Borrower.

Changes in the interest rate will not cause the interest rate to be greater than 13.500 % or to be less than 5.750 % during the life of the loan.

To set each new interest rate, the Note Holder will first determine the "Current Index" figure. The Current Index figure is the one available on the last business day of the month preceding each Interest Rate Change Date.

Before each Interest Rate Change Date, the Note Holder will calculate the new interest rate by adding TWO AND 000/1000 percentage points (2.000 %) to the current unrounded Index. The Note Holder will round the result of this addition to the nearest one-eighth of one percentage point (0.125%). This rounded amount will be the new interest rate until the next Interest Rate Change Date.

B. MONTHLY PAYMENT CHANGES: CAPITALIZED INTEREST

The secured indebtedness is payable in monthly installments. Monthly payments will be applied first to the interest due and then to principal. The interest due may be greater than the current amount of Borrower's scheduled monthly payment.

In that case, the interest due which is greater than the Borrower's scheduled monthly payment will be advanced on Borrower's account by Lender and added to the outstanding principal balance under the Note, unless otherwise paid by Borrower. Such capitalized interest is part of the indebtedness for which the Security Instrument secures repayment.

To the extent permitted by applicable law, Lender may charge a reasonable fee as a condition to Lender's consent to the loan assumption. Lender may also require the transferee to sign an assumption agreement that is acceptable to Lender and that obligates the transferee to keep all the promises and agreements made in the Note and in this Security Instrument. Borrower will continue to be obligated under the Note and this Security Instrument unless Lender releases Borrower in writing.

If Lender exercises the option to require immediate payment in full, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

By signing this Rider, Borrower agrees to all of the above.

On the other hand, if the interest rate decreases, the final payment may be less than the scheduled payment. On the other hand, if the interest rate increases, the monthly payment may not be sufficient to pay the loan in full if the interest rate increases. The loan plan provides that the monthly payment is fixed for the last year of the loan term but the interest rate is subject to loan plan adjustments after the final monthly payment. Since adjustments affect the final monthly payment due at maturity may be more than the scheduled monthly payment changes again, Borrower will also begin paying the Full Payment as the monthly payment on the final monthly payment thereafter, the Borrower will begin paying the Full Payment as Borrower's monthly payment until the monthly payment changes again. On the fifth Monthly Payment Adjustment Date and on each succeeding fifth monthly Payment Adjustment Date of the fifth Monthly Payment Adjustment Dates, the monthly payment changes will be limited to an increase or decrease of 7% from the prior year's payment except as noted below.

Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. However, this right to reinstate shall not apply in the case of acceleration under paragraphs 13 or 17.
