(B) The Index

Baninning with the first Change Sets, my interest rate will be based on an Index. The "Index" is the monthly veighted average cost of savings, borrowings and advances of members of the Federal Home Loan Bank of San Francisco (the "Bank"), as made available by the Bank. The most recent index figure available as of the date 45 days before each Change Date is called the "Current index."

percentage points (2.25 %) to the Current Index. The Note Holder will then round the result of this addition to the nearest one-eighth of one percentage puls. (0.125%). Subject to the limits stated in Section 4 (D) below, this rounded amount will be my new interest rate until the next Change Date.

The Note Holder will then determine the amount of the monthly payment that would be sufficient to repay the unpaid principal that I am expected to own at the Change Date in full on the maturity date at my new interest rate in substantially equal payments. The result of this calculation will be the new resount of my monthly payment.

(Oi Limits on Interest Rate Changes

The interest rate i am required to pay at the first Change Date will not be greater than 8.875 % or less than 6.875 %. Thereafter, my interest rate will never be increased or decreased or any single Change Date by more than one percentage point (1.0%) from the rate of interest I have been paying for the preceding six months.
